

Dried pasta with sauce cooking instructions

- Bring a large pot of water to a rolling boil and add a big pinch of salt (the pot should be big enough to comfortably fit the pasta)
- Add the dried pasta to the pot and stir to make sure the pasta doesn't stick together
- Cook the pasta for 5-8min on a rolling boil
- Defrost the sauce in a small saucepan and simmer for a few minutes
- Add the cooked pasta to the pan along with a bit of the pasta water
- Stir to combine
